

Hi Class 2,

I hope you enjoyed doing some of the tasks I set you last week. I can't wait to see your work!

This week, I've been busy looking after Oreo. Sadly, it's been rather wet and he's been getting a bit muddy so he's had to have lots of baths. We also rescued a dog who had decided to take himself for a walk and ended up at our house in our living room. After giving him some water and treats we called the vets and were able to reunite him with his owners.

For this week, I've popped some more home learning tasks below, for you to get stuck into over the next few days. Again, if you would like to, please you can keep all your work in a folder so we can all look at it when we get back.

If you have Twitter, I'd love to see some of the work you've been doing or pictures of you doing the work, so why not ask a grown-up if they can tweet a picture to <u>@Eastayton_sch</u> and we might even retweet some of your pictures.

Kindest regards,

Mr Dente

P.S. I'm still missing you all lots!

English

- Write a letter to me, describing what you have been doing. Make sure you include all the features of a letter (you could use the school's address). Remember to use your best handwriting, capital letters and full stops.
 - Can you include an expanded noun phrase?
 - Can you include commas?
 - Can you include an adverb?

Reading

- New front cover
 - We really enjoyed reading Oi Cat! Can you draw a new front cover for the book? Think about some of the things the cat wanted to sit on. Remember to include the author and title. Here's a great video of Oi Cat! being read: https://www.youtube.com/watch?v=C7G2CNKhDbA

Maths

- Smarties challenge
 - If you can, get a pack of smarties, open them up and count them all. How many do you have in total?
 - Can you halve the total, equally? How many is in each half?
 - Can you divide the total in to quarters, equally? How many is in each quarter?
 - How many equal groups of 2 can you make? What sum could you write to show this?
 - How many equal groups of 5 can you make? What sum could you write to show this?
 - How many equal groups of 10 can you make? What sum could you write to show this?

Art

Draw a flower

- If you go on a walk or in your garden, find a flower, take it home then draw or paint it.
 - Can you find out what it is called?
 - Can you find 3 facts about it?

Science

This term we were going to look at Animals and their habitats, thinking about what animals need around them to they can grow, be safe and live. So I'd like you to find out, what a ood chain is.

- Draw a food chain that might happen in a Garden or a park. If you have a garden, or if you go on a walk, you could try and spot different wild animals or insects

Topic

We were due to start our new topic this term which was, all about the Seaside. So I'd like you to make a seaside in a jar.

- Create your own seaside in a jar. This could be a made-up place, somewhere you have visited or even a resort from a book. You could make fish or include toys, collect pebbles and sand or even include water (sea). I've included some suggested instructions on the next page.

Make a Seaside in a Jar

This is a fun activity to complete at home where you can make your own seaside scene in a jar. This could be a favourite place you have visited, a made-up seaside resort or even a resort from a book!

You will need:

- · A jam jar with a lid (a wide necked one is better)
- · A handful of sand (from a beach or sandpit)
- Water
- A selection of shells and small stones
- Blue food colouring
- · Photograph of a seaside resort
- Sticky tape
- You could put in: toy fish, broken jewellery, fruit nets (to look like real nets) or fish tank decorations.

How to make your seaside scene:

- 1. Add a layer of sand to the bottom of a clean, dry jam jar.
- Attach your seaside photograph to the back of the jar with sticky tape. Make sure you can see it through your jam jar.
- Add your seaside items to the sand. You can stick fruit nets to the lid of the jam jar to 'dangle' in the water.
- 4. Colour your water with a few drops of food colouring.
- 5. Pour the water in slowly.
- 6. Tighten the lid. You may need an adult to help you with this.
