

Dear Class 4,

Another week has passed by and we are still missing you all so much. We keep remembering all the happy times that we shared in Year 4. Thinking about all our fun times together brings a smile to our faces. Remember when we went on our visits out of school, our poetry performances or what about when some of our parents came in to help make Christmas decorations. You might have other happy memories that bring a smile to your face too.

We hope you are enjoying learning about the Vikings.

This week we want to set you a 'What If' challenge.

- What if you were a Viking child?
- What would you wear?
- What games would you play?
- What would you eat?

You can record your ideas anyway you like. You might want to mindmap your learning or you might like to make a little project book.

**Literacy:** Can you write a poem or rap about the Vikings? Try an acrostic poem or look for rhyming words. Can you perform your poem to your parents? Don't forget all those performance poetry tips that we taught you.

**Reading/Spelling:** BBC Bitesize daily lessons x5 <https://www.bbc.co.uk/bitesize>

**Maths:** This week we are looking at area and perimeter.

Please go to <https://www.thenational.academy/online-classroom/year-4#subjects>

Click on Maths and find the area and perimeter lessons. There are five lessons for you to complete.

There are many other lessons on this website and they are all suitable for you to have a go at if you want to.

As always, stay safe and have fun.

Mrs Monks and Mr Lowe
