

Dear Class 4,

Hi everyone, we hope you are managing to get outside a little more. Everyone at East Ayton is missing you lots, and we can't wait to be back in school together again.

### **Maths:**

Starter: We know that you enjoy doing the Superhero times table challenges. Create a board game that includes lots of times table questions and play it with someone in your house.

This week in Maths, we would like you to recap your knowledge on area. On the link below there are lots of different worksheets for you to have a go at.

<https://whiterosemaths.com/wp-content/uploads/2019/01/Year-4-2018-19-Spring-Term-Block-2-FINAL.pdf>

Once you have tried some of these see if you can have a go at the following challenges:

1. Calculate the area of a room in your house.
2. Calculate the area of an outdoor space.
3. Calculate the area of every room in your house and add them together.

### **English:**

This week in English we would like you to write a Viking poem. First of all use the link below to read a poem about a Viking longboat. Once you have read it underline/highlight any similes, metaphors or personification you can find. After you have done this see if you can write your own Viking longboat poem. Remember to include some alliteration and see if you can make it rhyme.

<https://www.tes.com/teaching-resource/poem-about-a-viking-longboat-6441758>

We would be really impressed if you could then do some performance poetry too.

### **Reading:**

Use the link and read 'Pugs of the Frozen North'. Once you have read it there are a series of questions for you to try on the next page.

[https://cdn.oxfordowl.co.uk/2019/07/30/08/32/31/36/Comprehension\\_7\\_years\\_Pugs\\_Questions.pdf](https://cdn.oxfordowl.co.uk/2019/07/30/08/32/31/36/Comprehension_7_years_Pugs_Questions.pdf)

Try creating a new front cover for the text or maybe for a different book in your house.

## **Science**

As you all know, in school we have looked at animals and their habitats. Research the different animals you see in the different continents. Try to find some 'WOW' facts and make a fact file for a range of animals.

If you have done this try to make a set of 'Top Trump' cards. Consider the different categories you could have such as height, weight, independence and life span.

Take care, stay busy and remember to take photographs of your work.

Mrs Monks and Mr Lowe.
