

Acrostic Poems

So far, this week we have looked at different types of poetry. We have looked at rhyming words and list poems. Today we are looking at a different form of poetry called acrostic poems. In an acrostic poem we write a word from top to bottom and then think of words that start with the first letter. The words should be about the title.

HAT

H is for head

A is for amazing

T is for on top
