

## Reception

### ART

I would like you to decorate a plant pot, it can be decorated with paint or any making materials that you may have. I need to you to keep in mind that this plant pot may be a special gift for someone special to you.

In school we are going to decorate ours with painted thumb prints.

This plant pot is going to come in handy in a few weeks. So please keep it in a safe place once it is decorated 😊

If these resources are unavailable, you can alternatively design your own plant pot.

## Design a Plant Pot
