

Yellow

# Rev Your Engines

A large grey track shape containing 20 subtraction problems arranged in a winding path. Each problem is in a 3x3 grid with a vertical line for the decimal point. The path starts at a green 'Start' box at the bottom left and ends at a red 'Finish' box at the bottom right.

8	3	9
-	7	1 8

7	9	3
-	1	9 3

**Start** **Finish**

Green

Solve these by completing column expanded subtraction.

1.		5	6	9
	-	3	1	5

2.		3	4	6
	-	1	2	5

3.		7	7	4
	-	4	5	3

4.		6	5	2
	-	4	2	0

5.		6	2	8
	-	3	0	5

6.		5	7	3
	-	5	1	2

7.		8	3	2
	-	2	3	2

8.		5	9	9
	-	4	6	7

9.		2	9	8
	-	1	3	6

10.		6	8	7
	-	4	7	1

11.		9	8	8
	-	5	7	5

12.		7	6	8
	-	2	5	1

13.		5	5	5
	-	3	4	5

14.		5	9	6
	-	3	7	4

15.		3	6	8
	-	2	2	0

Example:

$$568 - 421 =$$

500	60	8
-	400	20
	100	40
		7

Mastery:

**Always, sometimes or  
never?**

You can take away a bigger number  
from a smaller number.

**Always, sometimes or  
never?**

You can subtract numbers in any  
order.
