Music follow-up activities

Choose some or all of the following activities to complete after the lesson

1. Send me a video of you performing a part of the song. Try to add actions to the different lyrics.

2. Highlight the rhyme in the following lyrics. Can you change the rhyming words to something else?

In Sparta they fight harder than the average Ancient Greek.  
The world is at their feet,  
They're the military elite.

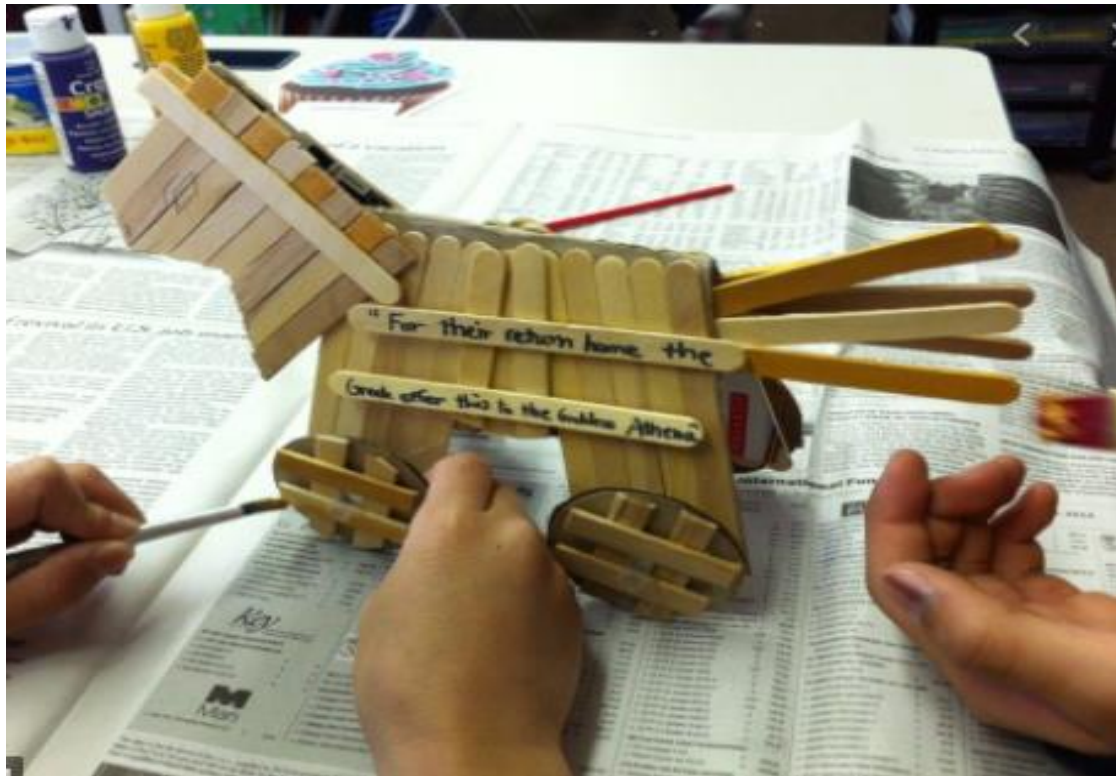

The Trojans have no notion of the ancient art of war.  
They can't stand too much gore,  
A fundamental flaw.

The Greeks are so much smarter than the average man of war.  
We know what we're fighting for,  
That's why -

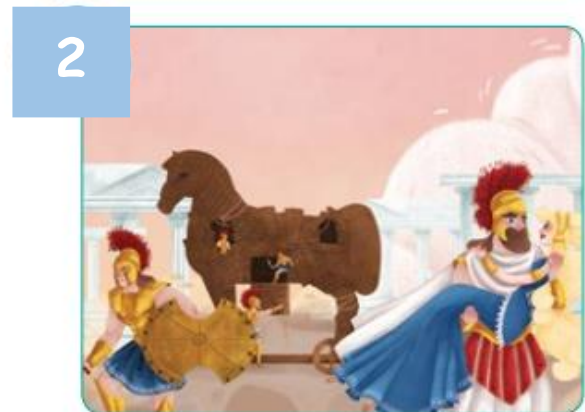

There has to be some strategy beyond the force of arms.  
The enemy is charmed,  
He's totally disarmed.

When I look in the mirror I'm the coolest guy I see.  
There's nobody like me.  
I'm the key to victory.

3. Create your own Trojan horse. You can do this as a drawing and using materials in your house.

4. Write some information about the following pictures.
