We have been looking at the number 1 last week.

What shape has only 1 side? Can you find these around your home?

Can you draw a Circle?

Can you write the number 1?

Can you write the word One?

Make a collection of objects to represent the number one.

How many different ways can you find?

Instead of collecting objects, you could also represent the number one by drawing a picture like we saw in Anno's Counting Book.
