Writing numbers

Around to my left to find my hero, back to the top, I've made a zero.

A downward stroke, my that's fun. Now I've made the number one.

Half a heart says "I love you." Add a line. Now I've made the number two.

Around the tree, around the tree, now I've made the number three.

Down and across and down once more, now I've made the number four.

Draw the hat, the back and the belly. It's a five. Watch out, it might come alive!

Bend down low to pick up sticks. Now I've made the number six.

Across the sky and down from heaven. Now I've made the number seven.

Make an "S" and close the gate. Now you've made the number eight.

Make an oval and a line. Now I've made the number nine.

A downward stroke, that's my one. Add a zero, that's my number ten done!
