

Class 6 Newsletter February 2025

Dear families,

Welcome back and we hope that you have all had an enjoyable and restful half-term break. This term has a geography and food technology theme: *Enough for everyone – the benefits of eating in-season food.*

SATs and residential evening

We are running SATs and residential trip information sessions on **Monday 3rd March**. Please ensure that you have signed up to one of the two available sessions (3:30 - 4:30pm or 5:00 - 6:00pm). These sessions are intended as information for both yourself and your child so please feel free to bring them along.

Homework

It was again a collectively strong effort with homework last half term. Homework will continue to be set on a Friday and due in the following Friday. Please also look out for the topic work project set for this term (glued in the homework books).

Reading

Thank you for all the effort with home reading. Please keep reading at the top of the agenda as we head towards Easter. I will continue to run the reading raffle each week. Three reads signed by an adult will give automatic entry into the Friday prize draw.

PE

Our PE days remain as Wednesday and Fridays. Please make sure that your child continues to bring full indoor and outdoor PE kit for these days. When possible, we will try and cover some PE sessions outside so please do ensure that your child has an extra layer as well as hat and gloves.

Yours sincerely,

Mr Gay and Miss Hornsey
