

Class 6 Newsletter April 2026

Dear families,

Welcome back! I hope that you have all had an enjoyable and restful Easter holiday. This next half term includes the long-anticipated SATs. We will lead our learning this term with a history theme focusing on World War Two.

SATs

The SATs will run each morning starting Monday 11th May. The final SATs paper will be on Thursday 14th May. We will run a free-of-charge breakfast club from 8:30 on each of these four mornings and we encourage as many Year 6 children to attend these as possible. We have previously found that our breakfast club acts as a great way to ease all of the children into these statutory assessments as calmly as possible.

Homework

Homework will continue to be set on a Friday and due in the following Friday. Owing to SATs revision tasks, there will not be a project led task this term.

Reading

Thank you for all the effort with home reading. Please keep reading at the top of the agenda as we head towards the SATs. I will continue to run the reading raffle each week. More than three reads signed by an adult will give automatic entry into the Friday prize draw.

PE

Our PE days will continue to run on a Thursday and Friday. Please make sure that your child continues to bring full indoor and outdoor PE kit for these days.

Yours sincerely,

Mr Lowe.
