PE - Rugby League & Golf

This half-term, the children have a fantastic opportunity in PE to experience a range of different sports. We are fortunate to have golf professional Ivan leading a series of golf lessons, alongside a coach from York City Knights who will be delivering an exciting six-week rugby programme.

Somewhere to settle Summer 2

PSHE - Growing Up

This topic builds on children's knowledge of the human body; how we grow and change, both physically and emotionally. Children will learn about their own and others' bodies and how male and female bodies play a part in human reproduction. They will also learn about different relationships and family structures.

RE - What can we learn from religions about deciding what is right and wrong?

During this half term, we will be examining how Christians, Humanists and Jewish people might decide what is 'right'. We will look at teachings about temptation in Christianity and Judaism and think about what religious stories show about temptation. Finally, we will investigate ways in which some inspirational people have been guided by their religion.

Science - Scientists and inventors

This 'Scientists and Inventors' unit will teach your class about famous scientists and inventors linked to the Y4 science curriculum. They will learn about the dangers posed to living things in Madagascar, and Gerald Durrell's conservation efforts on the island. The children will learn about Alexander Graham Bell and his invention of the telephone, as well as modern improvements on his invention by inventors like James West and Gerhard M. Sessler. Children will look at the early uses of solar energy in homes, invented and built by Maria Telkes and Eleanor Raymond,

then build their own basic solar oven. The many inventions of Garrett Morgan will be looked at, followed by children building and evaluating their own traffic lights using basic electrical circuits. They will find out about the discovery of oxygen and carry out an experiment to investigate

the effects of oxygen on burning objects. Furthermore, they will learn about Lord Kelvin, the man who determined the temperature of absolute zero. The children will explore the work of Thomas Edison and Lewis Latimer, carrying out an electricity hunt around school

ICT - We Are Meteorologists

This unit children in Class 4 will learn about brings data measurement, analysis and presentation, as pupils take on the role of meteorologists and weather presenters.

Topic - Geography - Somewhere to settle

In this unit, children head back in time to find out how the towns and cities of the UK first developed. Children will learn about the needs and requirements early settlers had when choosing a place to build a home. They will look at place names around the UK to see how the Anglo-Saxons, Romans and Vikings all left their mark. Through use of digital and paper maps, children will investigate land use in different sized settlements and the ways in which settlements are linked together. At the end of the unit, children draw together all their learning about settlements to design their own new settlement!

French

Recognise word classes: nouns, verbs, adjectives, Hobbies: Danser, nager, jouer au football, manger au restaurant, lire, regarder la télé, aller au parc
